PURPOSES & INTENTS

It is important for a community to appear clean, well kept, and generally clear of public nuisances, eyesores, and unhealthy conditions. The appearance of a community weighs heavily in the decisions of prospective residents and businesses in locating to a particular area. A clean, safe, and well-kept community can stabilize or increase property values, provide a healthy environment, and make citizens proud of the area in which they live. Accordingly, a community needs a set of regulations to keep the area clean, remove unsightly conditions, and prevent unhealthy and unsafe situations from occurring. It is therefore the purpose and intent of this Ordinance to encourage a clean, healthy, and satisfying environment; one free of nuisances, eyesores, and unhealthy, unsafe, or devaluating conditions. To this end, this Ordinance seeks to regulate and protect the health, safety, welfare, values, and aesthetics of properties against a person's actions or property constituting a violation of the conditions of this ordinance.

PROVISIONS FOR SPECIFIC NUISANCES

Animals. In addition to the animal nuisance policies in this ordinance, further policies are set forth in the Animal Control Ordinance, adopted by the Decatur County Board of Commissioners on October 14, 2008.

Abandoned Vehicles. It shall be unlawful to keep or maintain any abandoned vehicles as defined by this Ordinance, and any abandoned vehicle is hereby declared to be a public nuisance and shall be abated as provided in this Ordinance.

Removal of Abandoned Vehicles. Upon investigation, the County Code Enforcement Officer or the County Administrator may order the removal of a junk vehicle as defined in this ordinance after finding in writing that the aesthetic benefits of removing the vehicle outweigh the burden imposed on the private property owner. Such finding shall be based on a balancing of the monetary loss of the apparent owner against the corresponding gain to the public by promoting or enhancing community, neighborhood, or area appearance. The following, among other relevant factors, may be considered:

- (a) Protection of property values;
- (b) Promotion of tourism and other economic development opportunities;
- (c) Indirect protection of public health and safety;
- (d) Preservation of the character and integrity of the community;
- (e) Promotion of comfort, happiness, and emotional stability of area residents.

The County may require any person requesting the removal of a junk vehicle from private property to indemnify the County against any loss, expense, or liability incurred because of the removal, storage, or sale of the junk motor vehicle.

Junk Yards: Junk yards shall be required to keep all junk and junked vehicles a minimum of ten (10) feet from any property line at all points and for this area to be fenced with no portion of the fencing to be closer than ten (10) feet to the property line. Fencing may be substituted by use of natural vegetation, landscaping, planting, object, opaque fences, or other appropriate means, including relocating inventory on site to utilize an existing natural screen or screenable portion of the site to obstruct the junk vehicles from being visible from outside the junk yard.

Exemptions. The Junk Yards provision shall not apply to service stations, repair shops, garages, or car sales establishments except for junk vehicles on premises unless considered a health hazard. The presence of junk vehicles will require compliance under this Ordinance.

Standards for Determining Fitness for Dwellings. The County may determine that a dwelling is unfit for human habitation if it finds that conditions exist in a dwelling which are dangerous or injurious to the health, safety of the occupants of the dwelling, the occupants of neighboring dwelling or other residents of the County, including defects increasing the hazards of fire, accident or other calamities, lack of adequate ventilation, lack of sanitary facilities, dilapidation, despair, structural defects, uncleanliness, inconsistency with requirements of County enforced codes, or any other cause which would be detrimental to the health, safety of occupants dwelling therein.

Trees and Other Vegetation. It shall be unlawful for the owner or occupant of any lot or land lying and abutting on an intersection of two roads or streets or the intersection of a driveway and a street to allow any trees, shrubs, or bushes lying on said lot or land to grow to a height or in a manner which restricts the line of sight, or which threatens safety or restricts passage of motorists or pedestrians within a public right-of-way or sidewalk.

Noise: It shall be unlawful for any person to create or assist in creating, permit, or continue any unreasonably loud, disturbing, or unnecessary noise in Decatur County. Noise of such character, intensity, and duration that is detrimental to the reasonable comfort, health, or life of any individual is prohibited. The following acts, among others, are declared to be loud, disturbing, and unnecessary noises that constitute a public nuisance in violation of this Ordinance, and which shall be abated.

- (a) The keeping or maintenance of any domestic animal which, due to prolonged or habitual barking, howling, whining, or other noises, causes annoyance to neighboring residents, or interferes with the reasonable use and enjoyment of the premises occupied by such residents, is hereby declared to be a public nuisance and shall be abated as provided in this Ordinance, if the animal is closer than five hundred (500) feet from the property line adjoining residential property.
- (b) The sounding of any bell, horn, whistle, mechanical device operated by compressed air, or signal device while not in motion, except as a danger signal, for an unnecessary and unreasonable period of time.

Such a sound that is audible at a distance of two hundred (200) feet from the origin of sound shall be presumed to be a violation of this provision if an individual rides a vehicle continuously past, around, or near an inhabited dwelling place so as to disturb or unduly annoy the inhabitants.
- (j) The use or operation of a vehicle with internal combustion engine that creates dust closer than two hundred (200) feet from the property line adjoining residential property, **other than regular passage through a public dirt road.**
- (k) While occupying any public right-of-way, no person shall operate any noise-creating device or internal combustion engine for the purpose of drawing attention to the source of the noise. The prohibition of this section shall include, but not be limited to, discharging fireworks or any exploding device, firing a starter pistol, sounding a bell or whistle, or rapid throttle advance (revving) of an internal combustion engine.

Exemptions: Noise from the following sources or causes shall be exempt from noise provisions of this ordinance:

- (g) Noise resulting from any authorized emergency vehicles, when responding to an emergency call or acting in time of emergencies.
- (h) Any other noise resulting from a temporary duration permitted by law and for which a license or permit has been granted by the County.

Any one of these enumerated nuisances would be a misdemeanor and could be prosecuted in the Magistrate Court of Decatur County just as the violation of any other ordinances.

Litter. Whenever any litter, which is dumped, deposited, thrown or left on public or private property or in a recycling facility in violation of this ordinance or of the rules and regulations promulgated under this ordinance, is discovered to contain any article or articles, including, but not limited to, letters, bills, publications or other writings which display the name of a person thereon in such a manner as to indicate that the article belongs or belonged to such person, it shall be a presumption that such person has violated this article.

Any person other than the Department or its designated agent that removes a warning sign shall be in violation of this Ordinance for a penalty in the Infraction section.

Department Abates Public Nuisance. If the owner, property agent or occupant, fails or neglects to comply with the requirements in the notice provided under Public Notification Section of this Ordinance, then the Department may abate or remediate the public nuisance described in the warning. The Department will recoup such costs as necessary to abate the public nuisance as provided in section Recovery of Costs of this Ordinance.

Vacating the Public Nuisance Order. Upon Department verification of proper abatement, remediation or removal at the site, the Department shall issue written notice to those persons served notice under Owner Notification or Unknown Property Owner sections of this Ordinance that the public nuisance order is vacated. COSTS AND REIMBURSEMENTS

Recovery of Costs. If the Department is required to remove, abate or remediate a public nuisance, the County shall make every reasonable effort to recover costs incurred in removal, abatement or remediation in a civil action. The cost of enforcement action under this Ordinance may be assessed and charged against the real property on which the public nuisance was located. The County shall extend the cost as assessed and charged against said real property.

When the estimated cost of abatement and remediation exceeds **seventy-five percent (75%)** of the County Assessor's last market value of the structure, the County Administrator or designee, is authorized to notify the property owner of the County's intent to remove and dispose of the affected property instead of proceeding with abatement and remediation. For motor vehicles, the County will use the Kelley Blue Book value or equivalent in determining market value.

Nothing herein precludes or limits the County from seeking recovery of costs through other methods allowed by federal or state law.

Subrogation Rights. Nothing in this Ordinance is intended to limit the subrogation rights of any party and the owner occupants. The County shall maintain the right to recover costs, referenced in this section, from persons contributing to the damage.

In summary, this process has been developed not only to furnish the County a means to obtain code compliance, but to protect the rights of anyone identified as being in violation of a County code, as well. For further information regarding code enforcement, or to report an issue for review by the Code Enforcement Officer, please contact the ~~Planning~~ Sheriff Department at: (229)248-3044, or 911.
